The drive to defy

The T-Roc is designed to stand out.

A streamlined silhouette with dynamic lines and curves, the T-Roc is made to push boundaries. To be at the forefront of excellence. In the intersection between practical and extraordinary, it deftly combines smart, functional features with a bold and innovative design to create an SUV that truly drives to defy.

Confidence to defy with IQ.DRIVE

We know you're not the same as everyone else and your car should reflect that. You want a car that's as confident as you are. A car that challenges the status quo, leads the pack, and refuses to follow. You want a car that gives you more: more space, more capability, more comfort, more individuality. The T-Roc is a seamless blend of style, comfort and convenience in one beautiful package that shows the world you've arrived. Our vehicle technologies are how we make sure we stay connected to our vision of an intuitive and intelligent automotive future. All the cutting-edge technologies found in today's Volkswagen vehicles are encompassed by our intelligent driver assistance system, IQ.DRIVE.

IQ.DRIVE Features in the T-Roc:

Travel Assist, Lane Assist and Emergency Assist, Autonomous Emergency Braking Front Assist, Lane change system Side Assist, Adaptive Cruise Control (ACC) with Stop-and-Go, including speed limiter and Proactive passenger protection system.

*Optional on the Design and R-Line models.

Intelligence to defy

Integrate your worlds with We Connect Go and App-Connect. We Connect Go connects your smartphone to your T-Roc via Bluetooth using the DataPlug, turning your T-Roc into a conveniently connected car. Through this, you're able to access and manage your T-Roc's information such as its mileage, fuel level, and even where it's parked. While through App-Connect, you can enjoy its effortless tech integration with three innovative technologies. These three technologies allow you to bring smartphone apps directly onto your infotainment system's touchscreen: the established MirrorLink™ apps, the new CarPlay™ function from Apple, and the Android Auto™ function from Google.

The technology to defy

Next-level functionality and unrivalled attention to detail places the T-Roc in a league of its own. Available with a Composition Media Radio, Discover Media Navigation, and a Beats® sound system.

The **Composition Media Radio** is equipped with an 8-inch colour touchscreen, DAB digital radio receiver, Multi-device Interface (MDI) and USB connection. Play music from WMA and AAC files, simultaneously pair two compatible devices and experience the convenience of App-Connect as well as Bluetooth telephone and audio functionality. Multiple speakers situated from the front and rear ensure that you always have excellent acoustics for every road trip.

***Standard on the Design and R-Line models.**

The **Discover Media Navigation** builds on the capabilities of the Composition Media Radio with easy music management, navigation data, and vehicle information. The system's navigation data is displayed via 2D/3D map view on the touchscreen, offering a handy choice of three routes: Fast, Short and Eco. Dynamic navigation is based on TMC+, branded points of interest and Speed Limit Display.

***Optional on the Design and R-Line models.**

The **Beats® sound system**, includes six speakers, a subwoofer and an eight-channel digital amplifier with Digital Signal Processor (DSP). The sound system is controlled via your infotainment system and delivers a 300-watt output with Dolby Pro Logic surround sound.

***Optional on the Design and R-Line models.**

Power to defy

The TSI petrol engine options for the T-Roc pack a punch, bringing forth next-level power and efficiency. Choose from the Design 1.4 TSI 110kW Tiptronic[®], Design 2.0 TSI 140kW 4MOTION DSG[®], or the R-Line 2.0 TSI 140kW 4MOTION DSG[®]. Complete with powerful engines, the T-Roc is ready to take on the world.

The freedom to defy

With the 4MOTION® technology, the T-Roc allocates the engine's power across all four wheels as needed. This prevents wheel spin and locking, making sure your T-Roc is confident and sure-footed on any road, over any terrain, and in any weather.

Having 4MOTION® in conjunction with operational safety systems, such as Electronic Stability Control, traction control system, engine drag torque control, and electronic differential lock, all these features will lead to your ultimate driving pleasure.

Vision to defy

Come day or night, the T-Roc shines brightly with daytime running lights and built-in indicators to ensure maximum visibility when it's time to turn off or change lanes.

The IQ.LIGHT LED Matrix headlights include an integrated indicator, separated daytime running light, an illuminated element in the front grille, and Dynamic Light Assist. All these components combine to enhance the clarity of your night-time cruising.

LED Performance Light includes an integrated indicator with separate daytime running light that maximises visibility while you drive.

The luxury to defy

The T-Roc's plush seats slide back generously which, along with plenty of headroom, ensures a comfortable experience for both driver and passengers

The T-Roc has ample storage space in the centre cubby, door pockets, glovebox and under-the-front armrest. Its boot is designed smartly and practically to make for spacious and effortless packing.

The beauty to defy

The design of the T-Roc is the epitome of contemporary style and individuality. Slick, modern, and elegant, the T-Roc embraces the future, combining unique style with Volkswagen's characteristic build quality.

The ever-stylish SUV displays an undeniable sportiness that's sure to turn heads wherever it goes. Its modern exterior introduces a new era of Volkswagen that's as bold as it is practical. Its daring yet sophisticated shape is beautifully enhanced by a striking chrome strip that runs the length of the side roofline. Your choice of complementary or contrasting colours for the roof, A-pillar, and door mirror housings allow you to bring your unique vision to life and show the world who you are.

As original
as you

The T-Roc's incredible array of customisable finishes means that your ride is an extension of your personality. Showcase your style through a multitude of impressive aesthetic finishes.

Have it your way

All T-Roc models come with different finishes to showcase your specific taste. The Design models come with a black bumper and side sills, LED headlamps with LED Separate Day Time Running Lights and 17" Johannesburg alloy wheels, while the R-Line model comes with a body-coloured bumper, LED headlamps with LED Separate Day Time Running Lights and 19" Misano alloy wheels Diamond-turned surface. Whichever model you choose, the T-Roc is designed to meet your style.

Colours

The T-Roc is all about you. That's why we've created a variety of paint options, available in two-tone or monochromatic to mirror your style and personality. Pick your favourite roof colour, offered in Pure White, Black and Flash Red.

Volkswagen SUVs

Volkswagen's T-SUV family is adaptable, adventurous, and everything in between. And yet, each member brings their own flair to the table.

T-Cross

The T-Cross is versatile and practical and spares no expense when it comes to comfort and style. It's designed for people who believe that the journey should be just as thrilling as getting to the destination. For people who aren't afraid to reroute the course – play by your rules with an SUV that can keep up with it all.

Taigo

For those who have a spirited independence and who are in constant search of liberation, there is the Taigo. Designed to resemble the shape of freedom, the Taigo is characterised by its sporty coupé-like form and its sharp lines that guide your eyes from the front to the back. The search for freedom awaits, and starts in the Taigo.

T-Roc

Stand out from the crowd with the new T-Roc: a car that's as confident as you are, challenges the status quo, leads the pack, and refuses to follow. From its bold design to its sophisticated 4MOTION® technology, it's all you need for pure, unrivalled performance and for a drive to defy.

Tiguan

Build so that you can take command of the road, while taking care of your family. Reimagined to do most of the thinking for you, it's as smart as it is stylish. Embracing all the most sophisticated technologies, the Tiguan is here to never give your safety a second thought so that you can put family first.

Tiguan Allspace

The Tiguan Allspace is more than just a car. It's more than just technology and beauty; it's a vehicle that's ready for adventure. From its eye-catching design to its exceptional versatility, this 7-seater has been designed in the mould of your family and assure ultimate functionality when it comes to your lifestyle demands. Explore more with an SUV that has more.

Touareg

This bold SUV was created for those who won't settle at the top of their game because they know there's always more to explore in this journey of life. Built for the people who ask, "Where to from here?", we've designed the luxurious and technically advanced Touareg to take you on every new venture your restless spirit longs to pursue.
